• CGPA: 7.9/10.0	
Ratnam High School , Secondary School	2018
• CGPA: 9.0/10.0	

Projects

Exploring The Dynamic Tapestry Of Student Dropout In School Education

Final Year Project

- Developed a machine learning model using academic, demographic, and socio-economic data to predict student dropout
- Identified key factors such as grades, financial background, and gender differences contributing to dropout rates

Amazon Clone

Professional

- Built a responsive Amazon clone using HTML, CSS, Bootstrap
- Integrated modern UI elements, including a navbar and hover effects for enhanced user interaction
- Ensured cross-browser compatibility and optimized the design for various screen sizes to improve accessibility

Banking Dashboard Website

Professional

- Developed a responsive Banking Dashboard Website using HTML, CSS, JS, Bootstrap, React JS
- Implemented component-based architecture, including separate components for login, signup, Header, sidebar, and dashboard
- Centralized dynamic data management with data.js and enhanced user experience using React Hooks and Hash Router for efficient state management and navigation

Python Project to Convert PDF File Text to Speech

Mini Project

- Designed a Python-based project to convert PDF text to audio speech
- Utilized text-to-speech algorithms to develop software capable of detecting and converting text into speech

Skills

Web Technologies: HTML, CSS, Bootstrap5, JavaScript, ReactJS (with Hooks), Git, Lint, Postman, npm, Jest,Docker.

Programming Languages: Python, C

Database: MySQL

Design tools: Figma

Software Tools: Vs Code, Notepad++

Achievements And Participation

Smart India hackathon Finalist(2022)

Zoho Catalyst (selected for second round)

Vit hackathon By OpenWeaver,

Event Organizer - Rendezvous 2023

Certifications

Introduction to programming in C certified by NPTEL

Google Cloud career readiness Associate Cloud Engineer track certified by Google Cloud learning services 2022

HTML,CSS, JS certified by Scaler

Publications

PAPER PRESENTED IN International Journal of Early Childhood Special
Education (INT-JECSE)
